

Accelerate your Digital Transformation journey with SAP

Experience, Expertise, and Excellence

Korcomptenz is a trusted SAP Sell, Service, and Implementation Partner, accredited with GROW and RISE with SAP delivers SAP services to clients globally, including Implementation, application management, and hosting services. Through our business knowledge, digital transformation, and IT strategic planning know-how, we support you throughout the entire implementation cycle of your SAP projects.

This brochure will provide an overview of our solutions, services, and expertise, which cover the full scope of SAP-related projects and ongoing operational support. We look forward to helping you achieve your business objectives.

Services we offer:

1. Advisory Services

Determine the best approach to S/4HANA transition through strategic guidance that focuses on Innovation, improved process efficiency, cost efficiency, performance optimization, and risk mitigation.

Our Offerings:

- ◆ Build executive-level business cases with granular cost-benefit analysis
- ◆ Advise on the optimal approach to S/4HANA transition
- ◆ Guide you to choose the right hyperscaler for your unique business needs
- ◆ Develop an execution strategy that ensures minimal disruptions and downtime
- ◆ Create tailored implementation plans that focus on automation enablement
- ◆ Guiding clients to choose the right SAP platform (public/private cloud) considering the organization's future growth.

2. S/4HANA Migration

Seamlessly transition to SAP S/4HANA while preserving your data integrity and minimizing downtime. Benefit from enhanced performance, real-time analytics, and modernized business processes.

Our Offerings:

- ◆ **Migration from SAP ECC to S/4HANA**
Jumpstart your digital transformation with continuous innovation and new technologies like AI, IoT, and Big Data.
- ◆ **Migration from other ERP application to S/4HANA**
Unlock full potential of SAP, enhanced performance, real-time processing, advanced analytics, and a modern user experience. Gain the competitive advantage with S/4HANA.
- ◆ **Migration from MS Dynamics to S/4HANA**
Leverage our deep expertise in Microsoft Dynamics ERP and S/4HANA with advanced data migration tools and proprietary methodology.

3. S/4HANA Implementation

Transform your enterprise functions with seamless S/4HANA implementation and accelerate digital transformation with tailored transformation services.

Our Offerings:

- ◆ **Greenfield implementation**
Get a fresh start to redesign your business processes and leverage advanced analytics and innovative technologies to gain your competitive edge.
- ◆ **Brownfield Implementation**
Migrate your existing SAP systems to new SAP versions with minimal disruptions while retaining existing data and customizations.
- ◆ **Bluefield Implementation**
Adopt a hybrid approach with selective data migration and business process redesign, to strike a balance between innovation and continuity.

4. SAP Application Managed Service

Maintain, enhance, and manage enterprise SAP environments with technical and functional support for application maintenance and support services.

Our Offerings:

- ◆ **Dedicated Support Services**
Get an expert support exclusively focused on your needs with personalized services, high availability, and quick response times.
- ◆ **Hybrid Support Services**
Strike a balance between cost-efficiency and personalized service by combining dedicated resources for critical needs and shared resources for general tasks.
- ◆ **Shared Support Services**
Optimize costs with a shared resource pool that handles support requests from various sources.
